

## Shattered Dream Obit

Addie Ortiz, born in Carrollton, TX on March 11, 2002, was killed in a tragic accident involving a drunk driver on April 24, 2019. She was to graduate from Centennial High School next June, and had plans to attend Texas Tech after graduation. She is survived by her father Ruben, mother Nancy, younger sister Arienne, and a large and loving extended family.

Since Addie was a small child, she was the center of attention with everyone in the family due to her loving personality and angelic face. She loved drawing, eating junk food, and fighting with her younger sister. She was smart, a kind friend, a talented artist, a beautiful soul, and many other adjectives that now ring hollow in her absence. She stood up to bullies, made me see things through her kind eyes, is an irreplaceable part of my life. We were all lucky to have her for as long as we did because she made us better people. I will never get over her death.

A memorial service will be held at Centennial High School on Thursday, April 25, 2019. In lieu of flowers, we request donations will be made to Fathers against Drunk Driving.
